2018 River Valley Cooperative Scholarship Program

2018 SCHOLARSHIP PROGRAM OVERVIEW

Two-Year Students Scholarship Program:

River Valley Cooperative will offer up to nine scholarships in the amount of \$500 to high school seniors pursuing a two-year degree at one of three area community colleges – Black Hawk College East, Kirkwood Community College, and Muscatine Community College. Students intending to transfer to a four-year university are not eligible for this scholarship. Students are eligible to continue (renew) the scholarship each semester, should they continue to contribute to our intern work program in that semester, and keep a 2.5 minimum GPA. In addition, internships will be required as a term of continuation, in their 2nd and 3rd semesters and/or summer; along with job shadowing in their first and last semesters.

Scholarship recipients must provide a copy of their transcript after successful completion of each semester. After documentation is received a check will be issued to the college they are attending and deposited into their student account.

Four-Year Students Scholarship Program:

River Valley Cooperative will offer five scholarships in the amount of \$1,000 annually to high school seniors and college students pursuing a four-year degree in an agriculture-related field.

Scholarship recipients must provide a copy of their transcript after successful completion of the fall semester. After documentation is received a check will be issued to the university they are attending and deposited into their student account.
