

Good Conduct Policy

Reference: Policy No. RP 502.2A Under the Good Conduct Policy, any student who participates in extra-curricular activities is prohibited from possessing, using, transporting, controlling, or transmitting tobacco, alcohol, or other illegal drugs at any time (year round) during his/her middle school/high school career. No student involved in the above activities shall be involved in any criminal activity that violates local, state, or federal laws (excluding minor traffic violations). For the purposes of the Good Conduct Policy, eighth graders who have graduated from middle school are considered high school students. If a student is in violation of the Good Conduct Policy and is not currently involved in an activity or the length of the suspension is greater than the length of the remaining season, the suspension will carry over to the student's future participation in the next activity that the student was involved in (this includes middle school students moving on to high school). The student must complete the season in good standing to complete the suspension.

Consequences for violating the Good Conduct Policy

First Offense: Suspended from at least 25% of the public performances/contests for the remainder of the season with carryover to the next activity. Counseling from school personnel required prior to reinstatement. If counseling is refused, student will be suspended for 50% of the season. Student must continue to practice to remain in "good standing".

Second Offense: Suspended from at least 50% of public performances/contests with carryover to next activity. Professional counseling required prior to reinstatement. Must continue to practice to remain in "good standing".

Third Offense: A minimum of one-year suspension from co-curricular activities. Professional counseling and/or treatment required for all third offenses. Reinstatement rules will be enforced and upheld or student will be permanently removed from co-curricular activities for the remainder of their high school career.

I have read and understand the above information. I am aware that violations of the Good Conduct policy will lead to loss of participation and required counseling. I give permission for my student to participate in extra-curricular activities under the rules and regulations of the Good Conduct Policy as defined by School Board Policy Number RP502.2A
