I have always enjoyed singing. I sing in the car, in the shower and also participate in the AHS Choir. This Spring I participated in the Sounds and Sweets event. I performed with a group of Junior boys. We sang a four part harmony piece titled "Love, Take Me Away". We had previously performed this work at All-State and when we sang at Sounds and Sweets, the audience gave us a standing ovation! Attached is a program documenting my participation. We are now considering offering our talents to various groups and events around town to further improve our skills.
