Jurisdictional and Behavioral Expectations Statement

This handbook and school district policies, rules and regulations are in effect while students are on school grounds, school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles or chartered buses; while attending or engaged in school activities; and while away from school ground if the misconduct directly affects good order, efficient management and welfare of the school district or involves students or staff. School district policies, rules, and regulations are in effect 12 months a year. A violation of a school district policy, rule, regulation or student handbook may result in disciplinary action and may affect a student's eligibility to participate in extracurricular activities, whether the violation occurred while school was in session or while school was not in session.

Students are expected to comply with and abide by the school district's policies, rules, regulations and student handbook. Students who fail to abide may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a discipline atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, suspension, probation and expulsion. Discipline can also include prohibition from participating in extracurricular activities, including athletics. The discipline imposed is based upon facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules, regulations and student handbook provisions as circumstances warrant, including those contained in this handbook. Students are expected to know the contents of the handbook and comply with it.

STUDENT ATTENDANCE

The school day begins at **8:20**. Students who walk or are dropped off should not arrive until **8:00**. Supervision before school does not start until that time. Regular dismissal time is **3:15** for students who are walkers or being picked up. Buses will arrive at Strawberry Hill at **3:25**. For scheduled professional development days, the early release time is **1:15** for walkers or those being picked up.

Schools are responsible for teaching your child. Regular school attendance is important to a child's academic performance. When students come to school regularly and on time, they develop a sense that school is important. When school is missed, activities such as class discussions, experiments, and demonstrations cannot be fully re-taught. We understand that there are times when it is necessary for a student to be absent. In these cases, please call the Strawberry Hill office at 462-3549 before 9:00 a.m. each day. If we have not heard from you, we will call to verify an absence.

Truancy

The school will respond to student attendance problems in accordance with board policy RP501.4. Appropriate school personnel will make an effort to resolve attendance problems by:

1. Establishing direct contact with parents or guardians after the second unexcused absence within the same term
2. Utilizing available support staff and maintain written documentation of suspected truanancies
3. Involving the school nurse when illness is used as a reason for excessive absences
4. Informing the family in writing of the attendance issue after the **sixth** unexcused absence and/or 6 tardies (unless the administrator has knowledge of long-term health issues)
5. Consulting with other agencies that may be involved with the family and make home visits where possible

After a student has accrued eight (8) days of unexcused absences or tardies in the same quarter or fifteen (15) unexcused absences or tardies in an academic year, the building administrator will schedule a team meeting with the principal, team, parent, student, and counselor. If a student has ten (10) or more days of consecutive absences or pattern of absences, a doctor's excuse may be requested. A plan for remediation will be created and the compulsory attendance laws will be reviewed with the parent(s). If absences continue and the child has missed in excess of eight (8) unexcused days/tardies in a quarter or fifteen (15) unexcused days/tardies during the school year, the school administrator will inform the parent/guardian in writing that due to lack of improvement in the attendance of their child, the school will be referring the student and the parent/guardian to the District Truant Officer and/or Superintendent for a hearing. If the mediation hearing does not improve attendance issues, the Jones County Attorney will be contacted for further legal action.

Absences are recorded in the following way:

- If a student becomes ill and leaves school before 10:00 a.m. or after 1:00 p.m., they will be recorded as absent for that half-day.
- If a student arrives late but before 9:00 a.m., they will be counted tardy.
- If a student arrives late after 9:00 a.m., they will be recorded as absent for a half day.
- If a student is picked up after 2:00 p.m. they will be counted as tardy.
- Late buses do not count as a tardy.

Students Leaving School Early: If it becomes necessary to pick your child up from school during the day, please call the office or send a note to the classroom teacher. For the safety of each student, teachers are not to release a pupil from the classroom unless they have a written note or the parent has called the office. No student will be released early to anyone other than parents, legal guardians, or emergency contacts (proper identification may be necessary) without the express written consent or phone consent from parents. **Please come to the office, if picking your child up from school early.** We will call your child to the office. If after school arrangements change, **please notify the office at least one hour before dismissal time.**

STUDENT ILLNESS

Emergency Notification:

Your phone number and an emergency number will be requested at registration. It is important for the school to have accurate, up-to-date information so you can be located in case of injury or illness. Please contact the office with phone numbers and/or address changes that occur throughout the year. A full-time school nurse is available to administer medications and first-aid. Parents will be contacted in case of illness or serious injury. If your child is badly hurt and needs a physician's care immediately, we need to reach someone who can give the permission for treatment. If you cannot be reached, someone needs to be able to care for your child until you can be reached. It is important to have a local number.

Medications

If your child is to take any type of medication at school, please comply with the following:

1. Prescription Medications must be in the correct pharmacy container.
2. Written permission from the parent and doctor is needed which includes the time and dose to be given.
3. Qualified school personnel will administer the medication.
4. Further questions should be directed to the school nurse.

Protocol for Illness

You can help safeguard the health of your student as well as other children in the same class by following the suggestions below:

- Keep your child home when he/she has a temperature above 100 degrees, has vomiting, diarrhea or shows signs of other serious illness.
- Your child should stay home until they have been free from fever, vomiting and diarrhea for 24 hours. They should be free from fever WITHOUT the use of any fever-reducers, such as Tylenol, Advil, Motrin or generic forms of acetaminophen or ibuprofen. They should be able to keep food or drink down without vomiting for 24 hours before they return to school.
- Your student needs adequate sleep. Ten to twelve hours of sleep each night is recommended.
- Please call the elementary school if your child is sick or has a contagious illness so other students may be watched more closely. Otherwise a note should be sent to the teacher explaining the reason for each absence. Contact the school if your child is suspected or known to have a communicable disease. The school nurse will talk with you as to when your student can return to school. Examples of diseases that should be reported are chicken pox, head lice, pink eye, and impetigo.

SUN SAFETY

The Anamosa Community School District Health Services, along with the Iowa Department of Education, the Food and Drug Administration, the U.S. Centers for Disease Control and Prevention, among other organizations recognize that the sun's ultraviolet (UV) radiation can cause skin cancer. Documentation from your physician must be updated annually.

If you would like lactose-free milk available for your child, please contact the school nurse, or Nutrition Services.

You are always welcome to send an alternative beverage with your child. We encourage another milk substitute or 100% juice. Please do not send soda as an alternative beverage.

There can be a problem with traffic congestion during arrival and dismissal times. In order to provide the safest environment for your children during this time, we ask that you follow the guidelines for parking and loading or unloading your child(ren). We are constantly working to increase the safety and security for our children and decrease the traffic congestion around Strawberry Hill. STUDENT EXPECTATIONS

High expectations are held for students both academically and behaviorally at Strawberry Hill. We expect the following expectations for our students and encourage parents to support their children to meet them with integrity.

- Be responsible for their own actions.
- Observe all safety rules for the security of themselves and others.

- Engage in classroom activities and academic tasks.
- Become independent learners and effective communicators.

- Achieve at the highest level of their capacity for learning.

STUDENT DISCIPLINE

Strawberry Hill Elementary will provide a safe and orderly school environment. The purpose of school is to provide an environment where students can be successful academically, socially, physically, and emotionally. School staff is responsible for maintaining a safe learning environment where all students can learn and be successful. There are instances when consequences will be enforced due to inappropriate behavior or conduct. The administrators are ultimately responsible for managing and overseeing the school wide discipline plan and will communicate with students, parents, and teachers as it is necessary to assist with resolving behavior issues on school property and during school time.

A five level system is in place to help define inappropriate behaviors as well as identify possible consequences that would suit the infraction of school rules. Each level increases with intensity of the behavior as well as the consequence and guides decision making for discipline referrals. It is ultimately the duty of the teacher to maintain an orderly classroom and to enforce classroom expectations as well as implement consequences for inappropriate behaviors. Teachers are expected to communicate with parents concerning misbehavior. The administration will only become involved in instances when the behavior causes serious disruption to the classroom, greatly diminishes the safety of the student and others, threatens the immediate safety of the learning environment, and when the behavior is a consistent disruption of others' learning.

OLWEUS: Bullying Prevention Program

Bullying Defined: A person is bullied when he or she is exposed, repeatedly and over time, to negative actions on the part of one or more persons, and he or she has difficulty defending him or herself.

Strawberry Hill students:

- will not bully others.
- will try to help others who are bullied.
- will try to include others who are left out.
- will tell an adult at home and at school, if we know someone is being bullied.

Students should report any instances of bullying behavior to their teacher. Any conflict or inappropriate behavior can be handled quickly by the classroom teacher. With young children, it is often difficult to determine if a situation is a conflict between students OR bullying behavior. Strawberry Hill uses a screening tool when a bullying complaint is brought forward. This tool is aligned to the policy of the Anamosa School Board which is aligned to state law. When the situation meets criteria for bullying, an investigation will occur. Students will be required to participate during the investigation of a bullying situation.

Testing:

FAST (Formative Assessment System for Teachers) are a set of assessments used for universal screening and progress monitoring in grades K-4. They are standardized, efficient and extensively researched. FAST provides a suite of assessments that tests students' performance in the following areas: phonological awareness, sounds, words, text reading and reading behaviors.

Cognitive Abilities (CogAT) is scheduled for third grade students in January. The test measures individual reasoning abilities to work with the three cognitive domains – verbal, quantitative, and non-verbal.

Iowa Assessments will be administered to students in first through fourth grades in October. This test is a measure of student's skills in the areas of reading, math, language, science and social studies. The scores from this assessment are reported to the state in grades 3 and 4.

Measures of Academic Progress (MAP) will be given to students in second through fourth grades in the fall and spring to measure student growth in the areas of math and reading.

SCHOOL ORGANIZATIONS

PTO:

The Parent-Teacher Organization meets the first Tuesday of each month and is a group of parents who volunteer to help raise funds and use their collective abilities to support both supplemental and academic programs. The PTO is always looking for more parent members and volunteers to assist throughout the year.

VOLUNTEERS

We encourage volunteers in our school and provide those in the community the opportunity to see first-hand the outstanding opportunities that are provided to students at Strawberry Hill. Opportunities for involvement within the school can best be described as reading to students, one on one tutoring, assisting teachers within the classroom, running a program that directly benefits students, etc... If you are interested in volunteering at Strawberry Hill Elementary, please contact your child's teacher or call the office at 462-3549. All those wanting to volunteer must first fill out a Volunteer Disclosure Statement.

Watch D.O.G.S. (Dads of Great Students)

Dads and father-figures may volunteer to spend at least one day at school to be a positive male role model and to provide an extra set of eyes and ears. An information night is held each fall or contact the school office for more information.

The following policy was adopted by the Anamosa School Board on November 5, 2012:

- WATCH D.O.G.S. volunteers are considered Level Two Volunteers within the Anamosa School Board Policy.
-
- WATCH D.O.G.S. must give 48 hours' notice before being allowed to volunteer.

If the background check uncovers any of the following convictions, a volunteer will be barred from the WATCH D.O.G.S program as stated below:

- Drug possession charges – must wait one year from conviction date before volunteering.
- Assault causing bodily injury, willful injury, domestic abuse causing injury, child endangerment, carrying weapons, manufacturing a controlled substance or possession with intent to deliver/delivery of a controlled substance charges; will prevent a WATCH D.O.G. from volunteering indefinitely.
- Any WATCH D.O.G. with a pending criminal case will not be able to volunteer until the case is closed and another background check is completed.

GENERAL PARENT INFORMATION

Birthdays:

Students may bring **store bought or bakery purchased** treats to share with classmates **All treats must have nutritional labels and ingredients listed.** Students having a summer birthday should make arrangements with their teacher if they wish to acknowledge their birthday during the school year. Please DO NOT have balloons or flowers delivered to the school. **Invitations to personal birthday parties need to be handled out of the school setting and will not be allowed to be distributed at school.** This is requested to eliminate hurt feelings. Please note that we do not give out names and addresses of our families.

Changes in Schedule:

If end of the day plans change for your child, parents **MUST** notify the school. Either call the school office or send a note with your child. Do not use email as the only form of communication. You may email teachers to verify that they have received notes. It is important that we get the correct message to your child.

Cell Phones/Telephone Use by Students:

Students may have cell phones at school, but they must be turned off and stored in book bags or lockers during school hours. If a cell phone owned by any student causes disruption in learning for themselves or any other student, it will be confiscated and stored until an adult can retrieve the phone. The cell phone will be stored in the principal's office. Please call the office to leave a message for students. The school secretaries will relay the information to the classroom teacher. Students may not use school phones unless given permission. Students are not encouraged to call home unless it is an emergency.

Classroom Visitation:

Visitors are welcome in our school. We are eager to share the individual and group activities that make up the Strawberry Hill educational program. Please use the following procedures when setting up a visit to the classroom:

1. Make an appointment with the classroom teacher.
2. Level One volunteers will complete a Volunteer Disclosure Statement before volunteering.
3. Sign in and out in Strawberry Hill Office.
4. Wear a nametag at all times.
5. Please observe, work with students as assigned, or work on teacher assigned projects.
6. Limit your visit to two hours maximum per visit unless otherwise agreed upon with teacher.

Computer Usage on School Property:

All individuals that use the computers, computer networks, and other technology related items of the Anamosa Community School District shall comply with the District's computer use policy. All individuals shall assume responsibility for their actions regarding this policy. Each student and parent will be required to review the policy and sign it at the beginning of each school year.

Dress Code:

1. Hats or other headgear not approved as necessary for a student's well-being will not be allowed to be worn within the school building.
2. Clothing with suggestive printing or advertising about alcoholic beverages, drugs or obscenities will not be allowed. The student's parent(s) will be called to notify them of the infraction and requested to bring more appropriate attire for their child.
3. Clothing that can be considered revealing or is inappropriate for the school environment will need to be covered or changed.
4. **WINTER WEATHER ATTIRE:** Winter coats, snow pants, winter hats, gloves, and boots are required for students to play in the snow. If a student does not have boots or snow pants, they may not play in the snow but can be on the concrete areas for recess. If a student does not have appropriate winter weather attire in any combination, they may be required to stay indoors for their safety.

Field Trips:

Each grade level takes at least one field trip each year. Parents often accompany children on field trips and we appreciate the extra hands and supervision. If you are planning on attending a field trip, we ask that siblings and younger children stay back. The purpose of chaperones is to provide additional supervision, which can be difficult when there are additional children to watch. It is also a special time for you to share with your child who is on the field trip.

Teachers will send home notes and explain the procedure for signing up as a chaperone for field trips. Often the seating on the bus is limited so parents who have checked in with teachers will drive separately to the location to join the class.

Leaving School Grounds:

Students are NOT allowed to leave school grounds during school hours. If a student leaves school grounds without permission, local law enforcement will be notified immediately to assist in the search of the student. Parents will be notified immediately.

Legal Documentation:

If your family or child is involved in a legal issue that involves custodial rights or any other matter that affects the health and well-being of the child, please notify the office immediately with the **appropriate legal documentation** so that the school can put in place procedures to ensure the safety and security of the child. Please highlight the sections within the document that are essential for the school to know. We will not become involved in matters not directly related to the child's educational needs.

Lost and Found:

A lost and found area is located in each hallway. As soon as a student realizes that an item is missing, he/she should check these areas as well as the office immediately. We strongly urge that all clothing and personal property be labeled with the student's name.

Parent Concerns:

If a parent has a concern regarding their child at school, they must speak with the appropriate school personnel. Please speak with your child's classroom teacher first. The school nurse and counselors are available to speak with you about health, social, and emotional concerns. **All concerns regarding school personnel need to be reported to school administration.**

Restricted Personal Items or Goods:

- Knives, guns, or any look-alike toy weapons are strictly prohibited on school property. (These items will be confiscated immediately and may result in disciplinary action, including possible suspension from school.)

- Pets or animals are allowed when permission is granted by the classroom teacher or principal.

Solicitation and Fundraisers:

Students will not be allowed to sell items or conduct fundraisers during school hours.

It may include the student's name, grade level, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and other likeness, and other similar information. Student is defined as an enrolled individual, PK-12 including children in school district sponsored child-care programs.

Prior to developing a student directory or to giving general information to the public, parents (including parents of students open enrolled out of the school district and parents of children home schooled in the school district) will be given notice annually of the intent to develop a directory or to give out general information and have the opportunity to deny the inclusion of their child's information in the directory or in the general information about the students.

It is the responsibility of the superintendent to provide notice and to determine the method of notice that will inform parents.

USE OF DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Anamosa School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Anamosa School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Anamosa School District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and,
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information - names, addresses and telephone listings - unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want the Anamosa School District to disclose directory information from your child's education records without your prior consent, you must notify the District as part of electronic registration on the parent permissions page or in writing to the school office your child attends by September 15. Anamosa Community School District has designated the following information as directory information:

- Student's name
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Dates of attendance
- Degrees and awards received
- The most recent previous educational agency or institution attended by the student
- Photograph and other likeness

AUTHORIZATION FOR RELEASING STUDENT DIRECTORY INFORMATION

The Anamosa Community School District has adopted a policy designed to assure parents and students the full implementation, protection and enjoyment of their rights under the Family Educational Rights and Privacy Act of 1974 (FERPA). A copy of the school district's policy is available for review in the office of the principal of all of our schools.

This law requires the school district to designate as "directory information" any personally identifiable information taken from a student's educational records prior to making such information available to the public.

The school district has designated the following information as directory information: student's name, grade level, participation in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; and the most recent previous educational institution attended by the student; photograph and other likeness and other similar information. You have the right to refuse the designation of any or all of the categories of personally identifiable information as directory information with respect to your student provided that you notify the school district in writing not later than September 15 of this school year. If you desire to make such a refusal, please complete and return the slip attached to this notice.

If you have no objection to the use of student information, you do not need to take any action.

ANTI-BULLYING/HARASSMENT POLICY

Policy: Harassment and bullying of students and employees are against federal, state and local policy, and are not tolerated by the board. The board is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the board has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to deal with incidents of bullying and harassment. Bullying and harassment of students by other students, by school employees, and by volunteers who have direct contact with students will not be tolerated in the school or school district.

The board prohibits harassment, bullying, hazing, or any other victimization, of students, based on any of the following actual or perceived traits or characteristics, including but not limited to, age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status. Harassment against employees based upon the employee's race, color, creed, sex, sexual orientation, gender identity, national origin, religion, age or disability is also prohibited.

This policy is in effect while students or employees are on property within the jurisdiction of the board; while on school-owned or school-operated vehicles; while attending or engaged in school-sponsored activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school or school district.

If, after an investigation, a student is found to be in violation of this policy, the student shall be disciplined by appropriate measures which may include suspension or expulsion. If after an investigation a school employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures which may include termination. If after an investigation a school volunteer is found to be in violation of this policy, the volunteer shall be subject to appropriate measures which may include exclusion from school grounds. "Volunteer" means an individual who has regular, significant contact with students.

When looking at the totality of the circumstances, harassment and bullying mean any electronic, written, verbal, or physical act or conduct toward a student which is based on any actual or perceived trait or characteristic of the student and which creates an objectively hostile school environment that meets one or more of the following conditions:

- Places the student in reasonable fear of harm to the student's person or property;
- Has a substantially detrimental effect on the student's physical or mental health;
- Has the effect of substantially interfering with the student's academic performance; or
- Has the effect of substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

"Electronic" means any communication involving the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means. "Electronic" includes but is not limited to communication via electronic mail, internet-based communications, pager service, cell phones, electronic text messaging or similar technologies.

Harassment and bullying may include, but are not limited to, the following behaviors and circumstances:

- Repeated remarks of a demeaning nature;
- Implied or explicit threats concerning one's grades, achievements, property, etc.;

- Demeaning jokes, stories, or activities directed at the student; and/or,
- Unreasonable interference with a student's performance.

Sexual harassment of a student by an employee means unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

- Submission to the conduct is made either implicitly or explicitly a term or condition of the student's education or benefits;
- Submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or,
- The conduct has the purpose or effect of substantially interfering with the student's academic performance by creating an intimidating, hostile, or offensive education environment.

In situations between students and school officials, faculty, staff, or volunteers who have direct contact with students, bullying and harassment may also include the following behaviors:

- Requiring that a student submit to bullying or harassment by another student, either explicitly or implicitly, as a term or condition of the targeted student's education or participation in school programs or activities; and/or,
- Requiring submission to or rejection of such conduct as a basis for decisions affecting the student.

Any person who promptly, reasonably, and in good faith reports an incident of bullying or harassment under this policy to a school official, shall be immune from civil or criminal liability relating to such report and to the person's participation in any administrative, judicial, or other proceeding relating to the report. Individuals who knowingly file a false complaint may be subject to appropriate disciplinary action.

Retaliation against any person, because the person has filed a bullying or harassment complaint or assisted or participated in a harassment investigation or proceeding, is also prohibited. Individuals who knowingly file false harassment complaints and any person who gives false statements in an investigation shall be subject to discipline by appropriate measures, as shall any person who is found to have retaliated against another in violation of this policy. Any student found to have retaliated in violation of this policy shall be subject to measures up to, and including, suspension and expulsion. Any school employee found to have retaliated in violation of this policy shall be subject to measures up to, and including, termination of employment. Any school volunteer found to have retaliated in violation of this policy shall be subject to measures up to, and including, exclusion from school grounds.

The school or school district will promptly and reasonably investigate allegations of bullying or harassment. The building administrator or designee will be responsible for handling all complaints by students alleging bullying or harassment. The Superintendent or designee will be responsible for handling all complaints by employees alleging harassment.

It also is the responsibility of the superintendent, in conjunction with the investigator and principals, to develop procedures regarding this policy. The superintendent also is responsible for organizing training programs for students, school officials, faculty, staff, and volunteers who have direct contact with students. The training will include how to recognize harassment and what to do in case a student is harassed. It will also include proven effective harassment prevention strategies. The superintendent will also develop a process for evaluating the effectiveness of the policy in reducing bullying and harassment in the school district.

The board will annually publish this policy. The policy may be publicized by the following means:

- Inclusion in the student handbook,
- Inclusion in the employee handbook
- Inclusion in the registration materials
- Inclusion on the school or school district's web site,
