

ABOUT OUR SUMMER CAMPS:

Join the fun this summer at iCCGS for week-long clay and warm glass camps and our **new** one-day summer workshops! No experience necessary. Campers expand their imaginations and explore the exciting world of clay and warm glass, while developing an understanding of ceramics as an expressive art form. Whether working with sculpture, hand-building, surface treatment or wheel-thrown pottery, students learn in a supportive, small class setting with plenty of individual instruction and inspiration from our professional teaching artists and fellow camp-
