

IOWA

WILDLIFE CAMPS

WEEKLY CAMPS

JUNE-AUGUST

Macbride Nature Recreation Area

Wildlife Camps will offer a mixture of conservation education and adventure recreation. Our activities will include:

- Studying the wildlife, including mammals, birds, amphibians, reptiles, fish, and insects
- Exploring the woodlands, wetlands, prairies, and other natural habitats
- Learning about park history and its unique geological and archaeological features

Cost varies by session.

For students entering grades 1-12.

Spots are limited! Learn more about our day camps and register at:
