

Camp Embracing Memories: *June 28, 2025*

UnityPoint Hospice is excited to offer Camp Embracing Memories, a free day camp for children ages 7 to 16, to help children and families cope with the death of a loved one.

Camp Embracing Memories focuses on the grieving process and encourages connections with others who have experienced similar losses. The experience is designed to normalize children's feelings and equip them with a toolbox of coping skills to move forward with in their grief journey. Families are also offered support and resources through a caregiver session led by camp staff.

Camp activities include egg throwing, memory pillows, art therapy, pet therapy, and a campfire with s'mores.

Call (319) 369-7744 or email: jamie.siel@unitypoint.org to sign up.
